Hi Carmen,

Please let me know if the attached letter is the right one.

Thanks,

Joe

Hi Joe,

Thank you for your email. I will look for the meeting invitation.

By the way, would it be possible for someone at LBNL to send me a pdf of the letter that we issued for the LBNL's first request to extend the storage time frame in 761.65? We gave this letter to you in person at one of the meetings and did not make a copy or pdf of the letter. That letter was issued in October or November 2015. I cannot find the signed version of the letter in my electronic records.

I appreciate your help and look forward to receiving an electronic copy of the letter in pdf format.

Thank you for your courtesies.

Best,

Carmen

Hello Joe,

Thank you for email regarding the relocation of the waste accumulation area and water treatment system. The treatment system is for water that may have accumulated in PCB remedial or demolition excavations in PCB contaminated areas in the Old Town area that is subject to the Phase 1 PCB cleanup.

I left a voice message for you on October 19 (today) regarding your email (pasted below). I can have a call with you and your team on October 20 after 9:30 am. Before that call, I suggest that we re-familiarize ourselves with EPA's Approvals and conditions in the same related to the (1) establishment of the original waste accumulation area for PCB wastes and (2) conditions of approval related to the water treatment system location. I suggest looking at all three EPA Approvals.

Your confirmation of a time for a call on October 20 is greatly appreciated.

Thank you for your courtesies.

Best,

Carmen

Subject: "Approval" for Waste Treatment Area relocation

Hi Carmen,

We might need some clarification on the requested "approval" for the wastewater treatment system relocation. Are you mainly asking us to update the Spill Prevention and Response Plan and submit a new version with the new location for the waste treatment area? Or is it something else that we need to change - and I missed - in the Application Package?

We would appreciate about 15 minutes of your time to discuss further. Please let me know what's convenient for you?

Thanks,

Joe
